

Announcing Sparks Florist Marketplace

- Do you need flowers for a special event, but the budget is tight?
- Are you a business, church, or club concerned about decorating costs?
- Are you bride working with a budget? Ever consider designing your own wedding flowers?

Sparks Florist can help!

We sell premium, florist-quality flowers **in bulk** and in much **lower quantities** than the Big Box stores and we have all of the containers and supplies you might need. Apples to apples, our prices are consistently lower than any outlet.

Plus, we have a public design area in our Floral Design Center with large walk-in coolers that you can rent to create and store your wedding or party flowers so they remain fresh and perfect for your big day. Our friendly, knowledgeable, and professional staff can provide design assistance and helpful advice, and we'll even deliver your arrangements if you wish.

The good news is that all of this is available to you at exceptionally low

Wholesale-To-The-Public Prices!

Of course, if you prefer that we do all the work, but are still concerned about costs, we want you to know that we can always help make your wedding day or special event shine with gorgeous flowers and perfect arrangements, all completely within your budget.

You know us. You trust us. We're experts, and we're here to help as we have for 50 years. Call 775-358-8500 to discuss your plans. We'll make it work for you!
